

## Arizona Report of Public Agency Performance on Evaluation Timelines

### Indicator 11: Evaluation Timelines

Percent of children with parental consent to evaluate who were evaluated within 60 days (initial evaluations only) or State-established timeline.

#### Measurement

The data are taken from the ADE/ESS monitoring results and reflect the status of each agency at the time of the on-site monitoring. The timeline is measured from the date of signed parental consent to the date of the determination of eligibility. Arizona rules allow for a 30–day extension of the 60 days if it is in the best interest of the child and the parents and the school agree.

#### Data

The data are from school year 2008-2009. The data are the percentage of students whose initial evaluations were completed within 60 days of parental consent.
